ART TIPS / DETAILS: 1. Guaranteed type size is 10 pt (at ACTUAL ART SIZE). 2. Outline all fonts / convert to paths. 3. Avoid thin lines. Minimum line thickness 0.75 pt at ACTUAL SIZE. 4. Use solid spot colors. 5. No halftones on screen printing. 6. Do NOT forward art. Send art directly from original source. 7. Specify PMS colors when requesting a color match. If unsure, contact your CSR to determine PMS finish (coated/uncoated). We will attempt to match all colors; however, exact matches are NOT guaranteed.

Sublimation: 1. Due to 1/8" shift in printing variance, it is best to avoid borders in artwork. 2. Avoid thin lines. Minimum line thickness for reversed out design elements / text 1.5 pt at ACTUAL SIZE.

ART CHARGES: \$75 (V) per hour for any art creation, rebuilding or clean up. Minor typesetting (15 minutes or less) will be done at no charge. A third revision to your proof will result in an art charge of ¼ hour minimum.

CHANGING LIVES ONE SMILE AT A TIME.

Over 20 years ago, Don Watkins, one of HandStands® founders, instantly struck a friendship with Dr. William Magee, the founder of Operation Smile. "I was interested in donating to a cause that already had the cure," said Don. "For a relatively small donation, a face can be fixed and a life changed. It seemed to me that if plastic surgeons and medical staff were willing to donate their time, that we could donate some money to fund missions."

Don has served on the state and national board of Operation Smile practically non-stop for the past 20 years, during which time HandStands® has donated enough money to repair over 10,000 smiles across the world. As these donations were made, it is clear to everyone at HandStands® that these donations were made possible by the hardworking efforts of every employee.

We believe powerful impressions create success, and we know that nothing makes a more powerful impression than a smile. We are grateful that we have been able to help change the lives of so many children throughout the world. This cause gives our work a higher purpose and helps us remain grounded in what really matters most.

Operation Smile is an international medical humanitarian organization that is dedicated to raising awareness of children born with a cleft lip or cleft palate, which is a

life-threatening issue, and they provide lasting solutions that allow children to be healed.

If you wish to join HandStands® in our cause, please donate at www. OperationSmile.org/donate
